LOOKING TO MAKE POSITIVE CHANGE?

We are happy to announce that our A Call of Allyship - Gen Z Proposal Writing Contest will be taking place from late June to early mid-August!

In the last few years, there has been a rise in hate crimes targeting marginalized communities. There is hatred where there is little understanding, but with allyship, injustices and prejudice can be addressed for a better tomorrow.

MEET ONE OF OUR PROGRAM AMBASSADORS: **TONI MITCHELL**

Toni Mitchell is the founder and CEO of Blm Brew Co., and a police officer in Princeton, New Jersey. Founded in 2020, BLM Brew Co. stands for Black. Liberated. Motivated. Toni launched it to celebrate coffee and Black culture, and to create positive, lasting change that respectfully empowers and uplifts oppressed communities by partnering with people and organizations who are truly about the greater good.

We are so grateful for the support Toni has shown to our initiative. Our partnership with Toni means so much to us.

First and foremost, since our team is primarily Asian and Asian American, it validates to us that in the face of injustice and a system skewed against marginalized communities, the Asian and Black community are stronger together. There has always been this trope of Black-Asian conflict, but this idea absolves the system of inequalities that positioned communities of these minoritized groups there.

Second, this partnership reflects the efforts of many within law enforcement to create a more equitable and responsive structure for people of color.

Thank you so much Toni!

WE LAUNCHED THESE COOL T-SHIRTS!

This week, a group of our committee members worked together and finalized this amazing t-shirt design! We received our first 5 orders shortly after we finalized the design. We are so thrilled to share this t-shirt with everyone, please let us know if you are interested.
